

Zeta has taken extensive measures to ensure that we are as safe as possible inside our school buildings

CDC GUIDELINES:

Wash your hands often

Socially distance

Cover your nose and mouth

Clean and disinfect

Monitor your health daily

EXAMPLE ZETA MEASURES:

Portable sinks on every floor

Touchless hand sanitizer stations

Touchless faucets, soap and paper towel dispensers

Hand-washing breaks built into daily schedule

Batching of students to ~50% capacity at any time

Foldable, clear desk partitions for student meals

All daily procedures revised to allow physical distancing

5 washable/reusable clear or cloth masks provided to students and staff

2 disposable clear masks provided to staff weekly

2 clear face shields provided

Thorough daily disinfecting

Disinfecting wipes in every classroom and shared space

Improved air purification via UV air purifiers in each room

Protocols for monitoring symptoms and taking temperatures daily (no one admitted with temperature over 100.0 degrees)

School closure and staff / student illness protocols
